Preliminary Amendment

Commissioner for Patents
PO BOX 1450
Alexandria VA 22313-1450

Dear Sir:

Applicant requests entry of the claim listing enclosed. Claims 2-31 were canceled by preliminary amendment, even though neither Applicants, nor apparently the Examiner, realized this until several canceled claims had already been amended and acted on. Accordingly, the claims 2-31 in the attached claim listing are labeled "newly added." In connection with the Final Rejection of 4/13/2005, please consider the previous response and the comments and remarks submitted with the Response to Office Action of 1/18/2005. Applicant believes that, for the reasons set forth in the Response, all claims are in condition for allowance and such action is earnestly sought.
